Summary

- Physical chemistry Ph.D. student specializing in plasmonic photoelectrochemistry, and nanofabrication.
- Strong experimental background in optics, electrochemistry, and lithography.
- Extensive leadership experience in the planning of new chemistry lab spaces and enforcement of safety protocols.

Education

Ph.D. Physical Chemistry University of Illinois Urbana-Champaign, IL, USA	GPA 4.00 / 4.00	<i>Exp. May 2026</i>
M.A. Chemistry Rice University, TX, USA <i>D.J. Evans Atwell-Welch Graduate Fellowship</i>	GPA 3.94 / 4.00	<i>Jul 2023</i>
M.S. Chemistry IISER Mohali, India <i>Award of Academic Excellence</i>	GPA 9.64 / 10.00	<i>Jul 2021</i>
B.Sc. (Hons) Chemistry St Xavier's College, Kolkata India <i>Qualified INSPIRE Fellowship (top 1 %)</i>	79.4 %	<i>Jun 2017</i>

Experience

Research Assistant Link Lab, Rice University & University of Illinois Urbana-Champaign	<i>Jan 2022 – Present</i>
◦ Plasmon damping in bimetallic nanoparticles (2025 - Present): – Fabricate and characterize bimetallic nanoparticles using polymer pen lithography (TERA-print) to study plasmon damping. ◦ Plasmon Generated Solvated Electrons (2022 - Present): – Investigate the role of coupled gold plasmon modes with high electric fields for solvated electron generation in organic solvents. – Establish the mechanism of plasmon generated solvated electron mediated degradation of waste water contaminants under electrochemical bias.	

Mentorship Rice University & University of Illinois Urbana-Champaign	<i>2022 – 2026</i>
◦ Mentored undergraduate student on the plasmon-enhanced solvated electron generation research project in Prof. Stephan Link's lab, University of Illinois Urbana-Champaign. ◦ Volunteered in the undergraduate mentoring program offered by the Chemistry department at Rice to help struggling students improve their academic success.	

Teaching Assistant Department of Chemistry, Rice University	<i>Aug 2021 – Dec 2022</i>
◦ Facilitated and graded experiments for undergraduate general chemistry laboratory courses.	

MS Researcher Pal Lab, IISER Mohali	<i>May 2019 – Jul 2021</i>
◦ Studied self-assembly of non-ionic surfactants at liquid crystal-water interfaces for drug delivery applications using polarized optical microscopy.	

Teaching Assistant Department of Chemistry, IISER Mohali	<i>Aug 2020 – Apr 2021</i>
◦ Supervised undergraduate chemistry laboratory sessions.	

- electrons into water.
- 10th **International Conference on Surface Plasmon Photonics (SPP10)** 2023
 Rice University
 ◦ Poster presentation: **Effect of plasmon excitation on surface versus bulk emission of solvated electrons into water.**
- ACS Fall 2023: Harnessing the Power of Data** 2023
 San Francisco, CA
 ◦ Poster presentation: **Effect of plasmon excitation on surface versus bulk emission of solvated electrons into water.**
- ComSciCon Houston** 2023
 Rice University
- Welch Conference on Chemical Research** 2022
 The Welch Foundation
- ComSciCon Houston** 2022
 Rice University
 ◦ Delivered an elevator pitch on current research and participated in a write-a-thon peer review session.
- CRIKC Chemistry Symposium** 2019
 IISER Mohali
- 26th **National Conference on Liquid Crystals (NCLC)** 2019
 Chitkara University, Punjab
- Ultrafast X-Ray Summer School (UXSS)** 2019
 DESY, Hamburg
 ◦ Poster presentation: **Probing ultrafast photodynamics involving H-transfer using hard X-ray elastic and inelastic scattering.**
- Augmenting Writing Skills for Articulating Research (AWSAR)** 2018
 IISER Mohali
- International Seminar on Chemistry and Its Relevance to Environmental Biology (CREB)** 2018
 St Xavier's College, Kolkata (Autonomous)
- National Symposium on Facets of Chemistry in Materials & Biology (FOCMB)** 2018
 St Xavier's College, Kolkata (Autonomous)
 ◦ Awarded 3rd position for a poster presentation on **Adaptive Random Mutation Hill Climbing.**
- Asian Meeting on Metal Oxide Assemblies (AMMOA) - GIAN 2017** 2017
 IISER Kolkata
- International Symposium on Facets of Chemistry in Biology (FOCB)** 2017
 St Xavier's College, Kolkata (Autonomous)
- National Symposium on Facets of Chemistry in Biology (FOCB)** 2016
 St Xavier's College, Kolkata (Autonomous)
